Details bereichern die Modellbahn- und Dioramengestaltung. Kibri hat ein vielseitiges Angebot an Ausgestaltungsmaterial zu allen Themen. Zusammen mit dem Kibri-Nutzfahrzeug-Sortiment ergeben sich immer neue Gestaltungsvarianten. Bebilderte Informationen entnehmen Sie bitte dem Kibri-Katalog. (Stichwortverzeichnis – Ausgestaltungsmaterial).

It's the details that enrich any model railway or diorama scene. Kibri has a great variety of detailing and decoration material in the range which will cover almost every theme imaginable. Used in conjunction with the various trucks and works vehicles from Kibri, there's no end to the possibilities. Illustrated examples and information can be found in the Kibri catalogue. (Alphabetical Index – decoration materials).

Les détails enrichissent les réseaux de modélisme ferroviaire et les dioramas. Kibri présente une offre large et diversifiée de produits pour développer de nombreux thèmes différents. Avec l'assortiment complémentaire des véhicules utilitaires Kibri, les possibilités sont infinies. Le catalogue Kibri comprend de nombreuses informations illustrées.
